REPORT

The Department of Mechanical Engineering conducted **a Certificate course on *C & C ++ Language* from 15/07/2015 to 22/07/2015.** The resource person for this certificate course was Mr. S. D. Bhosale. In this certificate course the student got the detail knowledge about C & C++ Language and its various applications in the field of academics, research & industry. Domestic and industrial applications of C & C++ Language with practical on Mechanical application have been covered in this certificate course. **Total 152 students of S.E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in C & C++ Language.**
2) **Student understood the application of C & C++ Language.**

REPORT

The Department of Mechanical Engineering conducted a **certificate course on *CATIA V5 R18* *from* 03/02/2016 to 11/02/2016.** The resource person for this certificate course was Mr. S. J. Shinde from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in *CATIA V5 R18 with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of *CATIA V5 R18 with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 135 students of B. E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for Design/business in Mechanical Engg. Sector.**
2) **Student understood the application of *CATIA V5 R18*.**

Sub: Report of Certificate Course on "Arduino & PCB Design".

Respected Sir,

The Certificate Course on "Arduino & PCB Design" is conducted for SE students from 14th March to 21st March 2016. During training, basic concepts of Arduino Programming and Hands on Experiment on PCB Design is covered and total 48 students were present for the course. This course is helpful for the students to gain Knowledge and for Project Purpose.
Thank you,

Yours faithfully,

One Page Report

The Department of civil Engineering conducted a certificate course on Introduction to AUTO CADD software from 20/08/2015 to 29/08/2015. In this certificate course the student got the detail knowledge about new trends of auto cad software which is helpful to draw and edit digital 2D and 3D designs more quickly and easily than you could by hand. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. It helps users creating designs in either 2D or 3D so that they can visualize the construction. CAD enables the development, modification, and optimization of the design process. Total 76 students of S.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which are the new opportunity available for business in construction sector.
2) Student understood the application of Auto-CADD.

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on Big Data with Spark from 19/01/2017 to 28/01/2017.** The resource person for this certificate course was Mr. Ashutosh Joshi, Sagetic, Pune. In this certificate course the student got the detail knowledge about Big Data with Spark. Domestic and industrial applications of Big Data with Spark with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 141 students of B.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in Big Data with Spark.**
2) **Student understood the application of Big Data with Spark.**

Syllabus for Certificate Course on Big Data with Spark
Schedule from 19/01/2017 to 28/01/2017

Sr. No.	Contents
1	**Introduction to Big Data and Data Science** - learn about big data and see examples of how data science can leverage big data
2	**Performing Data Science and Preparing Data-** explore data science definitions and topics, and the process of preparing data
3	**Big Data, Hardware Trends, and the History of Apache Spark-**discuss bigdata and hardware trends, and learn about the history of Apache Spark
4	**Spark Essentials -** learn about Spark's Resilient Distributed Datasets, transformations, and actions
5	**Semi-Structured Data** - explore the concept of semi-structured data and how tabular data is handled in Spark
6	**Structured Data** - learn about structured data, the relational data model, SQL, and joins in SQL and Spark
7	**Data Quality** - learn about the challenges of data quality and cleaning
8	**Exploratory Data Analysis** - understand the statistics of Exploratory Data Analysis and data distributions
9	**Machine Learning** - learn about Spark's machine learning library, mllib

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on Android App Development from 04/08/2016 to 13/08/2016.** The resource person for this certificate course was Mr. Nitin Ghodake NVIDIA, Pune. In this certificate course the student got the detail knowledge about Android App Development. Domestic and industrial applications of Android App Development with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 163 students of T.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in Android App Development.**
2) **Student understood the application of Android App Development.**

To,
The Principal,
SVERI's COE,
Pandharpur

Sub: Report of Certificate Course on "Arduino & PCB Design".

Respected Sir,

The Certificate Course on "Arduino & PCB Design" is conducted for TE students from 22nd August to 27th August, 2016. In the training, the experts have covered the practical concepts of Arduino Programming and Students have designed some sample circuits on PCB. Total 51 students were taken benefit of this course. We have received good Response from the students and they gain Knowledge for their Future Project.
Thank you,

Yours faithfully,

One Page Report

The Department of civil Engineering conducted a certificate course on Hands on Experience on Design of Steel structure using STAAD-PRO software from 10/07/2016 to 19/07/2016. In this certificate course the student got the detail knowledge about new trends of STAAD-PRO software which is helpful for analysis and design the structural plan easily than you could by hand also STAAD-PRO that is automatically converted into the analytical model for your structural analysis. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. Total 78 students of B.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which is the new opportunity available for business in construction sector.
2) Student understood the application of STAAD-PRO.

REPORT

The Department of Mechanical Engineering conducted a **Certificate course on *CATIA V5 R18 from* 14/02/2018 to 07/03/2018.** The resource person for this certificate course was Mr. S. J. Shinde from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in *CATIA V5 R18 with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of *CATIA V5 R18 with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 37 students of T. E. & B. E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for Design/business in Mechanical Engg. Sector.**
2) **Student understood the application of *CATIA V5 R18*.**

REPORT

The Department of Mechanical Engineering conducted a **Certificate course on *ANSYS Workbench in* association with Vernier Design Solution, Pune from 18/07/2017 to 04/08/2017**. The resource person for this certificate course was Mr. S. M. Khomane from SVERI's COE Pandharpur. In this certificate course the student got the detail knowledge about *ANSYS Workbench* and its various applications in the field of academics, research & industry. Domestic and industrial applications of *ANSYS Workbench* with practical on Mechanical application have been covered in this certificate course. **Total 41 students of B.E. Mechanical participated in this certificate course**. All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for Job/business in *ANSYS Workbench*.**
2) **Student understood the application of *ANSYS Workbench*.**

ANSYS WORKBENCH

A.Y. 2017-18 SEM: I

CLASS: B. E. (MECH) DIV: A & B

Course Duration:-18 July 2017 to 04 July 2017

Assessment Procedure:

- **Minimum Eligibility Criteria:** A students who will attend 75 % sessions will be eligible for Final Test.
- **Final Test:** Performance of students will be assessed on the basis of passing in the Final Test with at least 50% marks.
- Only those students who meet the passing standard for the assessment will be provided the certificate.

REPORT

The Department of Mechanical Engineering conducted a **Certificate course on *TATA Distance Ready Engineer (DRE) from* Jan 2018 to Mar. 2018.** The resource person for this certificate course was Mr. S. B. Patil from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in *Mechanical Engineering CATIA V5 R18 with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of *CATIA V5 R18 with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 65 students of T. E. & B. E. Mechanical participated in this certificate course**. All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for job in Mechanical Engg. Sector.**
2) **Student understood the application of *TATA Distance Ready Engineer (DRE).***

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on Internet of Things and its applications from 05/06/2017 to 17/06/2017.** The resource person for this certificate course was Mr. Rohit Kumar, MDI Networks, Pune. In this certificate course the student got the detail knowledge about Internet of Things and its applications. Domestic and industrial applications of Internet of Things and its applications with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 171 students of B.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in Internet of Things and its applications.**
2) **Student understood the application of Internet of Things and its applications.**

To,
The Principal,
SVERI's COE,
Pandharpur

Sub: Report of Certificate Course on "**C & C++ Programming Language**".

Respected Sir,

The Certificate course on "**C & C++ Programming Language**" is conducted for SE & BE students from 10th January to 19th January 2018. During training, Total 98 students were studied about C Programme data Types, Functions, Pointers, Static and Dynamic Memory Array Functions and executed some programmes on software. This course is helpful for the students to study software related content for their placements.

Thank you,

Yours faithfully,

One Page Report

The Department of civil Engineering conducted a certificate course on Introduction to AUTO-CAD software from 25/08/2017 to 03/09/2017. In this certificate course the student got the detail knowledge about new trends of auto cad software which is helpful to draw and edit digital 2D and 3D designs more quickly and easily than you could by hand. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. It helps users creating designs in either 2D or 3D so that they can visualize the construction. CAD enables the development, modification, and optimization of the design process. Total 77 students of S.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which is the new opportunity available for business in construction sector.
2) Student understood the application of Auto-CAD.

REPORT

The Department of Mechanical Engineering conducted a **Certificate course on *TATA Auto Comp E-Learning from* 25 Jun 2018 to Nov. 2018.** The resource person for this certificate course was Mr. V. R. Chavan from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in ***TATA Auto Comp E-Learning*** *with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of ***TATA Auto Comp E-Learning*** *with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 63 students of S. E, T. E. & B. E. Mechanical participated in this certificate course**. All the faculty members from Mechanical department worked actively for the successful completion of certificate course. The

Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for Design/business in**

   TATA Auto Comp E-Learning **Mechanical Engg. Sector.**

2) **Student understood the application of *TATA Auto Comp E-Learning*.**

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on HTML and Java Script from 04/02/2019 to 13/02/2019.** The resource person for this certificate course was Mr. Shiraj Shaikh, MindIT Services, Miraj. In this certificate course the student got the detail knowledge about HTML and Java Scripts. Domestic and industrial applications of HTML and Java Scripts with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 147 students of T.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in HTML and Java.**
2) **Student understood the application of HTML and Java.**

Sub: Report of Certificate Course on "Robotics & Automation".

Respected Sir,

The Certificate Course on "Robotics and Automation" is conducted for BE students from 16th march to 22nd March 2019. During training, Total 109 students were present for the course. The Experts have covered basic concepts of Robotics and its design concept, Demos of different programs and IOT applications have been covered for each class (BE) upto the students' satisfaction.

Thank you,

Yours faithfully,

REPORT

The Department of civil Engineering conducted a certificate course on Introduction to AUTO CADD software from 02/07/2018 to 12/07/2018. In this certificate course the student got the detail knowledge about new trends of auto cad software which is helpful to draw and edit digital 2D and 3D designs more quickly and easily than you could by hand. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. It helps users creating designs in either 2D or 3D so that they can visualize the construction. CAD enables the development, modification, and optimization of the design process. Total 70 students of S.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which are the new opportunity available for business in construction sector.
2) Student understood the application of Auto cadd.

REPORT

The Department of civil Engineering conducted a certificate course on Hands on Experience on Design of Steel structure using STAAD-PRO software from 05/07/2018 to 14/07/2018. In this certificate course the student got the detail knowledge about new trends of stadd pro software which is helpful analyse and design the structural plan easily than you could by hand also STAAD.Pro that is automatically converted into the analytical model for your structural analysis. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. Total 71 students of T.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which are the new opportunity available for business in construction sector.
2) Student understood the application of stadd pro.

REPORT

The Department of civil Engineering conducted a certificate course on Application of Auto CADD software for design of Residential and public buildings from 10/01/2019 to 18/01/2019. In this certificate course the student got the detail knowledge about new trends of auto cad software which is helpful to draw and edit digital 2D and 3D designs more quickly and easily than you could by hand. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. It helps users creating designs in either 2D or 3D so that they can visualize the construction. CAD enables the development, modification, and optimization of the design process. Total 69 students of S.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which is the new opportunity available for business in construction sector.
2) Student understood the application of Auto cadd.

REPORT

The Department of civil Engineering conducted a certificate course on Design of sewage system & water supply system using WaterGEMS from 03/01/2019 to 11/01/2019. In this certificate course the student got the detail knowledge about Design of sewage system which is helpful analyse and design water supply system easily. Total 71 students of T.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which is the new opportunity available for business in construction sector.

2) Student understood the application of sewage system & watersupply system using Water GEMS.

REPORT

The Department of Mechanical Engineering conducted a **Certificate course on *CATIA V5 R18 from* 02/02/2020 to 20/02/2020.** The resource person for this certificate course was Mr. S. M. Khomane from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in *CATIA V5 R18 with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of *CATIA V5 R18 with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 25 students of S. E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course. **The Course outcomes for this course are:**

1) **Student got the knowledge about which are the new opportunity available for Design/business in**

   Mechanical Engg. Sector.

2) **Student understood the application of *CATIA V5 R18*.**

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on Blockchain from 10/07/2019 to 19/07/2019.** The resource person for this certificate course was Mr. Atul Marathe, Persistent System, Pune. In this certificate course the student got the detail knowledge about Blockchain. Domestic and industrial applications of Blockchain with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 141 students of T.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in Blockchain.**
2) **Student understood the application of Blockchain.**

REPORT

The Department of Computer Science and Engineering conducted **a Certificate course on Data Science with Python from 24/06/2019 to 29/06/2019.** The resource person for this certificate course was Mr. S. V. Ranade, Dnyadeep Foundation, Sangli . In this certificate course the student got the detail knowledge about Data Science with Python. Domestic and industrial applications of Data Science with Python with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 152 students of B.E. CSE participated in this certificate course**. All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

The Course outcomes for this course are:

1) **Student got the knowledge about which are the new opportunity available for business in Data Science with Python.**
2) **Student understood the application of Data Science with Python.**

To,
The Principal,
SVERI's COE,
Pandharpur

Sub: Report of Certificate Course on "Recent Developments in Antenna Design Fabrication and Testing".

Respected Sir,

Department of Electronics and Telecommunication Engineering has organized a one week Certification Course on **"Recent Developments in antenna Design, Fabrication and Testing" from 26th to 30th December 2019".** During Traing, Total 55 students were attended this course and students have done some simulation antenna design on CADFEKO software and hands on experiments of different antenna's. Students were happy for the course and started doing projects on Antenna's.

Thanking You,

Yours faithfully,

One page Report

The Department of civil Engineering conducted a certificate course on Applications of Revit Architecture Software from 05/11/2019 to 22/11/2019. In this certificate course the student got the detail knowledge about comprehensive workflow and software product that helps a variety of professionals work together, such as designers, construction professionals, architects and builders. The software provides sophisticated ways to create models of real-world structures and buildings. Total 71 students of T.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

1) Student got the knowledge about which is the new opportunity available for business in construction sector.
2) Student understood the Applications of Revit Architecture Software.

REPORT

The Department of Electrical Engineering conducted a certificate course on ***Solar Technology & Applications*** in association with Solar Electronics, Solapur from 7th February 2020 to 17th February 2020. The resource person for this certificate course was Mr. S.D.Bandal from Solar Electronics , Solapur.In this certificate course the student got the detail knowledge about new trends in solar technology with hands on practical kit and which are the new business plans available in upcoming days for the Electrical Engineer in the field of Solar Energy. Domestic and industrial applications of solar technology with practical on Electrical scooter have been covered in this certificate course. Total 66 students of S.Y B.Tech Electrical participated in this certificate course. All the faculty members from Electrical department worked actively for the successful completion of certificate course.The Course outcomes for this course are:

1) Student got the knowledge about which are the new opportunity available for business in solar sector.
2) Student understood the application of Solar Technology.
