Registrations are allowed till first day

STTP Theme

In this Short Term Training Program, following topics for PG and Ph. D students along with faculty members from various Institutes in the vicinity will be covered. This STTP is Useful for all the Civil Engineers.

1. Quality Control In Civil Engineering Construction.
2. Durability of Civil Engineering Structures.
3. Infrastructures and Constructions
4. Dynamic Analysis of Sustainable Design of RC Structures using Neural Networks.
5. Planning and Management of Water Resources for Sustainability
6. Use of Recycled Aggregate Concrete for Sustainable Infrastructures.

Speakers

- Prof. Dr Dasaka Murty
Indian Institute Of Technology, Bombay
- Prof. Dr. P. M. Pawar
