Memorandum of Understanding (MOU)
between
SVERI College of Engineering Pandharpur,
Solapur
and
Tata Technologies Limited
Date: January 17, 2016

SVERI College of Engineering Pandharpur, Solapur, (hereinafter referred to as **SCEP**), is a college of Engineering and Technology, having its campus at Gopalpur-Ranjani Road, P.B. No.54, Gopalpur Pandharpur-413 304, Dist-Solapur, Maharashtra, India.

And

Tata Technologies Limited (hereinafter referred to as "**Tata Technologies**") is a company registered under the Indian Companies Act, 1956 and has among other businesses, in the business of providing products and services to OEM and Engineering Sectors in the area of Automotive and Aerospace, having its registered office at 25, Rajiv Gandhi Infotech Park, Pune – 411 057.

In the course of this MOU both parties to the MOU mentioned above have been individually referred to as "Party" and jointly as "Parties".

Objective and Terms

1. Tata Technologies under aegis of the Corporate Sustainability Program (CSP) has identified the need for imparting quality training in the "Design Engineering" domain to 3rd and 4th year Mechanical Engineering Students of **SCEP**. The main intent behind this initiative is to better equip young engineers to increase awareness and industry connect. The Parties intend to enter in to this MOU to provide a frame work evaluating the area of collaboration between them and establish certain rights and obligations between the Parties during such evaluation. Tata Technologies plans to roll out this e-learning program as a pilot project in **SCEP**.
2. This MOU further establishes an understanding between the Parties to do a pilot test for conducting a Design Engineering training for 3rd & 4th year Mechanical Engineering students ("Students") of **SCEP** using methods and aids generally associated with distance learning. This training is being planned for the first time by Tata Technologies and is currently being conceptualised by Tata Technologies' employees who are experienced in Design Engineering. This program is being planned as part of the Tata Technologies very successful "**Ready Engineer Program**" under the aegis of its Corporate Sustainability. The program for purposes of this agreement will be referred to a "**Distance Ready Engineer**" or "**DRE**" hereinafter.
3. **DRE** is a voluntary initiative and Tata Technologies will design a course for the entire training. Tata Technologies' experts and experienced Design Engineering specialists will create an e-learning module hosted on iGET IT or a platform (as decided by Tata Technologies at that point of time) which will be licensed for use to selected engineering students of **SCEP**.

4. The proposed methodology for the program will be decided by Tata Technologies in due course of time in consultation with its own consultants and SCEP. The terms and conditions of the license to use the program will be provided by Tata Technologies in due course as may be required. All Intellectual Property Rights generated under this program will solely belong to Tata Technologies.
5. The training may require tests to be conducted on a regular intervals during the entire course of DRE to evaluate the students' performance and based on the results, necessary guidance will be given to the students by the SCEP Professors (who have undergone the 'DRE Train the Professors Workshop') so as to achieve a satisfactory status.
6. SCEP commits to make available the students, professors, training rooms and licensed CATIA V5 software on work stations during the course of the of the DRE program as may be required. This is necessary for a successful implementation and completion of the DRE program.
7. Tata Technologies may charge some nominal fees for the training as agreed between the Parties. The nominal fee obtained from through this course will be utilised for corporate sustainability programs.
8. Tata Technologies may hire the trained students and will have the 1st right of refusal for selection after these students complete their graduation which would mean that Tata Technologies may be the first company to interview these Students.
9. Proprietary information disclosed by Tata Technologies in the course of discussions and training under this MOU shall be kept highly confidential. SCEP shall not use Tata Technologies' name or its trademarks or make any reference to the MOU or the DRE program in any manner of publicity without Tata Technologies' prior written consent.
10. Parties are aware that the business activities of Tata Technologies are self-regulated by the "Tata Code of Conduct" which is incorporated by reference herein. It can be accessed and downloaded from <http://www.tatatechnologies.com>.
11. This MOU is effective from the date of signing and will remain valid unless terminated by either Party, upon thirty (30) days written notice to the other Party.
12. This MOU shall be construed, and the legal relations between the Parties hereto shall be determined, in accordance with the substantive laws of India. The parties shall refer their disputes to the exclusive jurisdiction of the Courts at Pune, India.
13. Neither this MOU nor any negotiations or other understandings prior or pursuant to the execution of the MOU shall constitute a binding and legally enforceable MOU, nor give rise to any liability, between the Parties.

The Parties have caused their respective duly authorized representatives to execute and deliver this Agreement on the date mentioned herein above.

 - (iii) If sent by telex or facsimile to the correct number or designated address within seventy-two (72) working hours.
 12. Both parties agree to take all reasonable steps to ensure the successful completion of the collaboration, and co-operate with each other in duly carrying out the obligation agreed upon.
 13. The expiration and termination of this MOU will not affect the terms of those activities, which are in progress at the time of notification of expiry or termination of the MOU.
 14. On the termination or expiry of this MOU or when requested by Infosys, the Partner undertakes to return all materials to Infosys without any delay.
 15. Each party shall ensure that they do not actively solicit the faculty of the other party who is involved in the implementation of this MOU during the period of such faculty's involvement with the program and for six (6) months thereafter.
 16. Both the parties agree that Infosys is not obliged on account of this MOU to recruit any fixed number of students from the Partner.
 17. This MOU is an indication of good faith and intent on the part of both parties and does not create any legal obligations between them. In the event of any differences or disputes arising from the implementation of the provisions of this MOU, the parties shall as far as possible settle such differences or disputes in good faith by consultation or negotiation between the parties.
 18. Save and except for Clause 6, Clause 7 and Clause 8, this MOU is not a legally binding contract and under no circumstances does this MOU subject either of the parties to liability for breach, whether material or minor, of contract or any other liability under international law or the laws of the country of the respective parties or any other applicable law.
 19. The parties hereby agree that they are not bound exclusively by this MOU and are at liberty to enter into any separate agreements or arrangements with any third party without reference to the other party.
- 

In written whereof both parties put their hard seal on the day, month and year herein mentioned.

3. Roles and Responsibilities:

The scope of this MOU shall be carried out in a collaborative mode between **NHAI** and **SVERI**. The Roles & Responsibilities of NHAI and he Technical Institute in performing the defined objective shall be as follows:

NHAI

- a. NHAI shall provide the list of potential candidate National Highway stretches for adopting by the Technical Institute;
- b. NHAI shall facilitate availability of relevant data required with specific reference to the above stretches through its field office/consultant/concessionaire/contractor engaged in the project;

B. Range

- c. NHAI will nominate an officer as a point of contact for all correspondence in carrying out the defined objective;
- d. NHAI shall facilitate the faculty, researchers and students of the Institute to give access to the site of the identified stretch being adopted by the SVERI, relevant documents for the purpose of activities to be carried by these intellectuals of the Institute;
- e. NHAI through its field office/Consultant/Concessionaire/Contractor engaged in the project, as per reasonable requirement, will disseminate and familiarize the latest trends and know how in highway/transportation sector in general and the identified project in specific to the authorized faculty, researchers and students of the SVERI;
- f. NHAI may suitably adopt the research output and feedback received from the Technical Institute in practice for qualitative improvement as deemed fit at appropriate stage of implementation.
- g. NHAI may support creation of Lab infrastructure in the Institute and can sponsor relevant research project that helps in using alternative resource material and improving quality of roads.
- h. The NH stretch adopted can be co-branded with the associated SVERI by NHAI.

SVERI'S College of Engineering, Pandharpur

- a. SVERI shall adopt stretch(es) of NHs as specified in the **Appendix-1** as a voluntary initiative.
- b. SVERI through its authorized faculty, researchers and students will carry out periodic investigation and give suitable suggestions for improving the efficiency of existing highway asset inter alia covering the following aspects:
 - (i) Improvements in safety provision by removing existing deficiencies;
 - (ii) Improvements in continual maintenance of the stretch using new technologies;
 - (iii) Localized solutions for removal of congestion points thereby increasing the average speed of traffic flow;
 - (iv) Improvements in the riding comfort through cost effective measures based on innovative technologies on practices applicable in the area;
 - (v) Viability of new way side amenities for road user based on the existing traffic pattern and user expectations;,,
 - (vi) Potential solutions to old recurring problems based on local experience etc.
- c. SVERI may also associate with the Consultants/NHAI during conceptualization, design and project preparation of new projects and suggest the relevant parameters and innovations based on experience specific to the site climate, topography and resource potential for better socio economic outcome
- d. SVERI will nominate a coordinator as a point of contact for all correspondence in carrying out the defined objective as well as inform, from time to time.

4. EFFECTIVE DATE AND PERIOD OF MOU

Shri Vithal Education & Research Institute's (SVERI) College of Engineering, Pandharpur, Gopalpur-Ranjani Road, Gopalpur, Pandharpur-413304.

PREAMBLE:

The MEMORANDUM OF UNDERSTANDING (MoU) between **Shri Vithal Education and Research Institute's College of Engineering and Government Residential Women's Polytechnic, Latur** for **Academic, Technology Training and Research cooperation**, is signed on the day of 29th January 2019.

This MoU entered into between **Shri Vithal Education and Research Institute's College of Engineering, Pandharpur (Hereafter called as SVERI's COEP)** and **Government Residential Women's Polytechnic, Latur (Hereafter called as GRWPL)** represented in this MoU by the Principal, SVERI and Principal, GRWPL, respectively, on behalf of Board of Governors of their Institutes, which shall mean and include their successors in interest and assigns.

SCOPE AND OBJECTIVES OF MoU :

The scope and objective of MoU are defined as:

GRWPL and SVERI's COEP agree for **Academic and Research Co-operation** between their, Electronics and Telecommunication Engineering Departments for mutual benefits to the Institutes.

Objectives:

1. To promote and enhance academic interest of staff from both institutes.
2. To provide an advice and assistance for consistent improvement of quality of education at **GRWPL** as per national and international need.
3. To promote Research and Innovative culture at **GRWPL**.

RESPONSIBILITIES OF GRWPL AND SVERI's COEP :

1. The **GRWPL** and **SVERI's COEP** mutually agree to provide academic interaction with students by delivering expert lectures at **GRWPL** on the topics from Curriculum and also on Modern Technologies.
2. Students and faculty members of **GRWPL** will be allowed to use **SVERI COE** ENTC department's infrastructure as per requirement and availability at **SVERI COE**.
3. Participation of interested faculties from **GRWPL**, at concession rates for various STTP, Conferences, Seminars, Workshops, at state level, National level and International level arranged by **SVERI's COEP**.
4. Encourage the project groups of final year students of **GRWPL** by inviting them for active participation at different technical competitions arranged at **SVERI COE** campus.
5. The faculty and students shall be encouraged to participate in such activities so as to interact with each other for their academic and professional excellence. Such programs will be preferably conducted by both the institutions on regular basis during every semester with information to each other in advance. **SVERI's COEP** will assist **GRWPL** in NBA Accreditation related activities and Guidance so that **GRWPL**, in near future, will also achieve NBA Accreditation.
6. **SVERI's COEP** is renowned as Technical Institution in the Region with National and International Accreditation and Affiliation from APEX Bodies of National and International Repute for Graduate Engineering, Post Graduate Engineering and Research Activities. **GRWPL** is the Reputed Government Organization as Diploma Engineering Institute with Excellent Academic Performance as per evaluation by MSBTE, Mumbai. **SVERI's COEP** and **GRWPL** are committed for Excellence in Technical Education and Training. **SVERI's COEP** and **GRWPL** mutually agree to exchange students for their projects. For the exchanged students, no tuition fee will be charged by the institutes accepting such students. Both the institutes will provide all the facilities concerning the academics to the students of **SVERI's COEP** and **GRWPL**. However, provision of hostel facility will depend on availability at **SVERI's COEP**. **GRWPL** is the Women's College; hence, provision of Hostel Facility will be extended to Girls students of **SVERI's COEP**, if available.
7. **GRWPL** and **SVERI's COEP** mutually agree for the Placement assistance to **GRWPL** students.

DURATION OF MOU:

This MoU comes into effect from the date of its signing and will remain in force for a period of **FIVE YEARS**. Its validity can be extended by mutual agreement between both the parties.

AMENDMENT TO THE MoU:

No amendment or modification of this MoU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to an amendment of this agreement. The modification/changes shall be effective from the date on which they are made/ executed unless otherwise agreed to.

ARBITRATION:

In the event of any dispute or difference between the parties hereto, such disputes or differences shall be resolved amicably by mutual discussion between the Principal of GRWPL and Principal of SVERI's COEP.

Now, therefore, for and in consideration of the foregoing premises the parties have signed the Memorandum of Understanding on 29th day of January, 2019.
