Title:- Sports Activities Conducted For A.Y.2016-17

SVERI's College of Engineering, Pandharpur has organized Sports Activities in A.Y.2016-17. Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Games and Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But, he should also play games and sports to enjoy the health and vigour of life. Along with bookish learning, a student should spend his time on games and sports also. Either study or work alone makes us exhaust. We remain no longer efficient to do any work. Sports remove our mental exhaustion. Education without sports is incomplete. It strives to excel at all levels and bring laurels to the college. With the help of college faculty we are continuously improving in sports field.

The following events have been organized for the inter-class sports tournaments for students:
