ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

ABOUT THE PROGRAM

To teach, we must know ourselves. Walking into the classroom each day is an enormous act of courage. To face the turbulent emotions, hormones, and disparate wants of dozens of students at once. To guide and nurture each one of these blossoming individuals while not losing oneself. How can we see to the heart of a student, guide them to find their path, face a conflict with compassion, or engage with students who are different from us if we don't know ourselves.

researchers stresses the importance of self-reflection in developing your own unique teaching style. For example, for developing your own individual style, one must ask yourself, "Are you fierce, funny, or gentle? Do you lecture, question, or coach

ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

ABOUT THE PROGRAM

NLP uses perceptual, behavioral, and communication techniques to make it easier for people to change their thoughts and actions.

NLP tries to detect and modify unconscious biases or limitations of an individual's map of the world it operates through the conscious use of language to bring about changes in someone's thoughts and behavior

NLP is used as a method of personal development through promoting skills, such as self-reflection, confidence, and communication.

Practitioners have applied NLP commercially to achieve work-orientated goals, such as improved productivity or job progression.

ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punitashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

ABOUT THE PROGRAM

The skills needed for effective teaching involve more than just expertise in an academic field. You must be able to interact with people and help them understand a new way of looking at the world. This is not an easy job! Although there are many different ways to teach effectively, good instructors have several qualities in common. They are prepared, set clear and fair expectations, have a positive attitude, are patient with students, and assess their teaching on a regular basis. They are able to adjust their teaching strategies to fit both the students and the material, recognizing that different students learn in different ways

ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998. approved by AICTE, New Delhi. It has been affiliated to Panyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

ABOUT THE PROGRAM

A short meditation practice can help you calm your nerves before a big meeting or event. It can help assuage doubts and ground you into the present moment, which is where you are alive, after all. However, it can often be difficult to detach yourself while guiding your own meditation, which is where the following scripts can help. You can either use this in a class or meditation group, or you can record them for yourself and use them when you need to calm down. Mr. Kamlesh D. Patel, spiritual guide and global head teacher of Heartfulness Meditation.

ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Panyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

ABOUT THE PROGRAM

As a teacher, you are a role model who sets the tone for the class. If you are able to show enthusiasm and commitment, your students are more likely to reciprocate. Conversely, when you are negative, unprepared, or impatient, these qualities will be reflected in the attitudes of your students. Undergraduate students have high expectations of their instructors, and they also have many competing interests beyond the course you are teaching. Give them a reason to remember your class as an important part of their college experience!
