Request Letter to Gopalpur Grampanchayat for using our college vehicles for collecting garbage

The domestic waste generated in rural households of India is increasingly becoming an issue of serious concern. Though, solid waste generated in rural areas is predominantly organic and biodegradable, it is becoming a major problem as the waste generated is not segregated as reported Ministry of Drinking Water and Sanitation (MDWS), Government of India. Inconsiderate littering causes poor environmental sanitation resulting in unhealthy quality of living. Therefore, domestic-refuse should be handled responsibly. In order to manage waste in a desirable way, there should be a functional waste management system in place.

In order to manage the solid waste and Liquid waste, Principal of SVERI's college of Engineering, Pandharpur has taken permission from Sarpanch of Gopalpur Grampanchayat to collect solid waste from SVERI's college of Engineering, Pandharpur, SVERI's college of Pharmacy, Boy's Hostel & Girls Hostel of SVERI's Pandharpur. The letter to get permission from Gopalpur Grampanchayat is as follows.
